

FOSTER LOVE- Parent/Guardian Sign Up Form

RETURN TO: Foster Love - BYU YServe, 2010 WSC, Provo, UT 84602 or email to fosterlove@byu.edu

PURPOSE

Foster Love is a program that connects foster care children in the community with one another to help build friendships and strengthen social skills. It is an after-school program that will take place in the BYU Wilkinson Center and other areas around campus. Activities will include indoor group games, crafts, team building activities, outdoor games, field trips to the MOA and the Bean Museum, etc. This will be a free after school program that will be run and directed by certified BYU Student Volunteers.

PROGRAM LOGISTICS

This program will run every Wednesday from 4:00-5:30 p.m. each week starting in September 2019. This program will open a number of slots available each week, on a first come first serve basis. The number of slots available per week will depend on how many volunteers sign up for that after-school program session. **By signing up with this form, you will be emailed once a week with the signup sheet for following next week. We have chosen to set up the program this way so that you are able to choose which weeks you bring your child(ren) to participate.** The program is open to not only your foster care child(ren), but also your biological/adopted children in this age range too. **As the Parent(s) or Legal Guardian(s), you are responsible for bringing your children and picking them up at a designated time and location at BYU where the volunteers will be. You will also need to fill out the "Parental Consent Form" and "Photography Consent Form" and return to same location/email.**
